**Maths Revision- Money**

Set up a shop at home with your toys or some food. Give each item a price. Pretend you are the shopkeeper or customer & practice buying items and giving change from €1 or less.

Write out some money word problems. Don't go over €1 when writing your problems e.g. "I had €1, I bought a pencil for 20c, how much had I left?"

Write out three different ways you could make up these amounts of money:

**25c, 50c, 70c, 90c, €1, €1.50, €1.75**

E.g. I could make €1 using a €1 coin, 2 50c coins or 5 20c coins. etc

Use this game to practice **counting money**. Select coins up to €2 when playing.
